COMPUTER ARCHITECTURE

CHAPTER 2 - EXERCISES

EVANGELOS C. ZIOULAS (IT TEACHER)

EXERCISE 1

- Chapter 2 – Activity 5 (School book p.129)
 - Check a recent computer magazine for reference.
 - Write down a list of features of a modern computer system by describing the meaning of special terms found in these features.
 - For example, some terms you can refer to are:
 - *GB, TB, GHz,*
 - *1680x1050, dpi, pps,*
 - *19inch, rpm, DDR3, 400W, 52x*

EXERCISE 2

- What kind of components can be connected to the numbered points of the following motherboard?
